POINT ONE

**CONTACTLESS ENABLED**

Chip & Pin

We supply a fully integrated Chip & Pin solution for use, both on the restaurant floor or at the point of sale for QSR. Features such as bill logging enable you to reduce errors and speed up the payment process.

Utilising the latest Sentinel solution from Verifone, the solution is fully PCI DSS compliant.

We can supply either a static Verifone VX820 terminal or the wireless/bluetooth Verifone VX680 for tableside payment processing. Both solutions are fully integrated with pointOne EPoS.

Key Features of Chip & Pin:

✓ Contactless and Apple Pay enabled

✓ Integrated credit card reporting within pointOne

✓ Speeds up service and eliminates double entry errors

✓ Achieve and maintain PCI-DSS compliancy

✓ Tableside credit card processing with bill pick-up

✓ Fast and reliable transaction processing

Our System Tools

Whether your operation is a 50 cover café, or a 50 site group, we have the products and the skills to ensure you get both the system you require and the support you need. Here are just a few ways your business can benefit from using pointOne EPoS.

Enterprise Stock Control

What you sell, buy, and waste has a big impact on your bottom line. We operate, real time, 'first in first out' stock control for 'actual' GP tracking and reporting, multi supply unit and price for single ingredients, multi department management and cost/revenue allocation.
Loyalty & Marketing

pointOne EPoS Loyalty has been designed to help our clients ensure that their customers return for more! By offering a loyalty system to your customers you are taking advantage of one of the best marketing tools used by the biggest retailers today.

Head Office Management

pointOne EPoS Head Office provides owner managers or corporate head offices with the ability to view, consolidate, and manage each of their sites remotely, either singularly, or as a group - and all in real time, with no more overnight polling.

Online Ordering

Enables your customers to order and pay via your website for delivery or in-store collection. Coupled with a smartphone app that can be customised to your business, online ordering offers a unique way not only to reduce the pain in processing orders, but greatly increase the customer experience.

Tableside Ordering

Our Android Tablet EPoS solution is a cutting edge and class leading solution developed for the casual dining restaurant or similar operation to take orders at the tableside. All common EPoS functions are available and offer the benefit of maximising revenues in pub gardens and table service restaurants.

Kitchen Management

pointOne's new Kitchen Manager delivers clear concise instructions to kitchen staff via a simple easy to view wall mounted touch screen, that displays multiple orders. The screens can be ceiling or wall mounted via space poles.

Chip & Pin

We supply a fully integrated Chip & Pin solution for use, both on the restaurant floor or at the point of sale in the bar. Features such as bill lodging enable you to reduce errors and speed up the payment process.

Apps

We are developing a number of Apps specifically designed to meet the needs of the hospitality industry.

pointOne is a UK company that is committed to developing, building and supporting, technically advanced, proven, robust EPoS solutions that you can trust. Our award winning solutions have been designed to drive cost out of a business, maximise revenue potential, ensure customer loyalty and deliver exceptional customer service at an affordable price.

Your Business. **Your EPoS.**
